

Fitness Locker-Room Checklist

A practical planning worksheet for facility managers and directors.

Manager checklist

- Showers, drains, fixtures, toilets, sinks and visible leaks
- Ventilation, temperature, odors, moisture and surface condition
- Doors, lockers, hardware, lighting and accessible circulation
- Member-impact priority, peak-hour planning and repeat-issue tracking

Leadership review

- What risk is reduced?
- Who owns the next action?
- What evidence confirms completion?
- Is the cost operating, preventive, or capital?

Planning resource only. Adapt criteria to the property, jurisdiction, client procedures, manufacturer guidance, and qualified-professional requirements.
